# Time schedule

LMR/MOD.21.004 - agg. 0 del 2021-04-15

Devices for the measurement of integrated radon-222 activity concentration over four exposures	
Proficiency testing accredited by ACCREDIA (Italian accreditation service) on the basis of UNI CEI EN ISO/IEC 17043:2010	
Proficiency testing code	<b>RNE.AL.DL.22.03</b>
Proficiency testing item	Passive devices for the measurement of the integrated radon activity concentration
Measurand	Integrated radon activity concentration $\text{kBq}\cdot\text{h}\cdot\text{m}^{-3}$
Radionuclide	Radon-222
Minimum number of participants	10
Maximum number of participants	30
Time schedule	
Registration opening	14/11/2022
Registration deadline	20/12/2022
Deadline for devices delivery	27/01/2023
Deadline for invoice payment	20/03/2023
Returning devices to participants	31/03/2023
Deadline for sending devices results	15/05/2023
Report publication	15/06/2023
Certificates of Participation emailed	15/06/2023
Proficiency testing document	
Instruction for devices shipment	20/12/2022
Instruction for devices results	31/03/2023
Proficiency testing report	15/06/2023
