

Modulo TIME SCHEDULE

LMR/MOD.21.004 - agg. 1 del 2022-12-01

Electretes for the measurement of integrated radon-222 activity concentration over four exposures	
Proficiency testing accredited by ACCREDIA (Italian accreditation service) based on UNI CEI EN ISO/IEC 17043:2010	
Proficiency testing code	RNE.EL.DL.23.05
Proficiency testing item	Electretes for the measurement of the integrated radon activity concentration
Measurand	Integrated radon activity concentration $\text{kBq}\cdot\text{h}\cdot\text{m}^{-3}$
Radionuclide	Radon-222
Minimum number of participants	100 – 1200 kBq h m^{-3}
Maximum number of participants	5
Proficiency testing code	10
Time schedule	
Registration opening	16/10/2023
Registration deadline	30/11/2023
Deadline for devices delivery	20/01/2024
Deadline for invoice payment	20/03/2024
Returning devices to participants	02/04/2024
Deadline for sending devices results	17/05/2024
Report publication	17/06/2024
Certificates of Participation emailed	17/06/2024
Proficiency testing document	
Instruction for devices shipment	30/11/2023
Instruction for devices results	02/04/2024
Proficiency testing report	17/06/2024
