## TIME SCHEDULE

LMR/MOD.21.004 - agg. 1 del 2022-12-01

Devices for the measurement of integrated radon-222 activity concentration: fading test over one exposure	
Proficiency testing accredited by ACCREDIA (Italian accreditation service) based on UNI CEI EN ISO/IEC 17043:2010	
Proficiency testing code	<b>RNE.TD.FD.23.04</b>
Proficiency testing item	Nuclear track detectors for the measurement of the integrated radon activity concentration
Measurand	Integrated radon activity concentration $\text{kBq}\cdot\text{h}\cdot\text{m}^{-3}$
Radionuclide	Radon-222
Minimum number of participants	1000 – 2000 $\text{kBq h m}^{-3}$
Maximum number of participants	4
Proficiency testing code	25
Time schedule	
Registration opening	16/10/2023
Registration deadline	30/11/2023
Deadline for devices delivery	20/01/2024
Deadline for invoice payment	20/03/2024
Returning devices to participants	06/09/2024
Deadline for sending devices results	15/10/2024
Report publication	08/11/2024
Certificates of Participation emailed	08/11/2024
Documentazione di Prova	
Instruction for devices shipment	30/11/2023
Instruction for devices results	06/09/2024
Proficiency testing report	08/11/2024
